ABOUT ME

I'm a B.E. CSE (AIML) student at Sri Krishna College of Technology with a strong passion for data analytics and software development. I aim to leverage analytical insights and technical skills to build efficient, scalable solutions. I'm eager to learn, adapt, and contribute to innovative projects that create meaningful impact.

SKILLS

TECHNICAL

- Excel, Power BI, Tableau
- C++, Python, Java
- HTML, CSS, JavaScript, React, Spring Boot
- MySQL, Git & GitHub

PROFESSIONAL

- Problem Solving
- Team Collaboration
- Effective Communication
- Time Management & Adaptability

EDUCATION

- **BHARANI VIDHYALAYA**
CBSE
until 2023
- **SRI KRISHNA COLLEGE OF TECHNOLOGY**
B.E CSE (AIML)
2023 - 2027

CERTIFICATIONS

- Cloud Computing – NPTEL
- Machine Learning – NPTEL
- Prompt Engineering – IBM, Coursera
- Data Visualization in Tableau – Coursera Project Network
- Prepare, Clean, Transform & Load Data using Power BI – Coursera

PROJECTS

- **QUIZ MANAGEMENT APPLICATION (FULL STACK)**
 - Built a full-stack quiz platform with user authentication, admin controls, and real-time result analysis. Integrated frontend (React) with backend (Spring Boot + MySQL) for seamless performance and scalability.
- **BANK MANAGEMENT SYSTEM (JAVA SWING, MYSQL)**
 - Developed a desktop-based banking system using Java Swing and MySQL. Implemented core functionalities like transactions, fast cash, and balance management with a clean user interface and secure database integration.
- **PROFIT STUDIO- GYM LANDING PAGE (HTML, CSS, JS)**
 - Designed and developed a responsive website landing page for a gym brand. Focused on UI design, brand aesthetics, and smooth navigation to enhance user engagement.
- **SALES PERFORMANCE DASHBOARD (MICROSOFT EXCEL)**
 - Created an interactive Excel dashboard to visualize sales trends, top-performing products, and revenue insights. Used pivot tables, charts, and conditional formatting to enhance data storytelling and decision-making.
